Gröna Lunds Tivoli l Stockholm, Seasonly
Parkfoodshost Kombi

- My work as a park food host was varied depending on what was needed. Sometimes I handled the cash register, greeted customers, or worked in a kitchen preparing various orders, as well as managing the dispatch of different orders. Retail work was also part of the role, including cashier duties and general store maintenance. Working at Gröna Lund requires a social and outgoing attitude where the guest/customer is the focus.
